PROFILE

To offer professional expertise and leadership in distance learning systems and educational technologies as an experienced web developer and multimedia designer with strong problem solving and communication skills.

EXPERIENCE

CONTENT DEVELOPMENT TEAM LEAD

KC Distance Learning, June 2009 - present / Portland, OR

- Provided leadership, training and support to current content development team members.
- Explored emerging educational technologies and optimized current use of curriculum applications.
- Served as a technical resource for all LMS and CMS systems.

CONTENT DEVELOPER

KC Distance Learning, March 2008 - June 2009 / Portland, OR

- Developed and supported interactive online curriculum for charter high schools and middle schools.
- Demonstrated strong ability to successfully meet deadlines, offer leadership in team oriented projects and juggle multiple projects while maintaining established priorities.
- Offered expertise in all areas of curriculum development, including image editing, audio editing, video editing, XHTML, JavaScript and CSS coding and 3D animation.

DESIGN INTERN

Portland Urban Pages Magazine, September 2007 – December 2008 / Portland, OR

- Collaborated with senior design team to improve style sheets for 2008-09 issue and develop new media kit, resulting in ten percent increase in advertiser sales.
- Designed 2008-09 cover artwork and lead projects for multiple sections within magazine content.
